

## Women's Voices -Block 12 Courthouse Steps

Cut your 8 surrounding strips from the background fabric and set aside. Using an acrylic ruler accurately cut strips from background and fabrics 1-4 according to pattern instructions.. I found that it helps to draw a cutting diagram for yourself on a piece of paper first to make sure you don't short your fabric.

This was a fun and easy block to make. Not too difficult. Cut your pieces accurately and pin matching ends of strips to the previously sewn strip.

Be sure and press after sewing on each strip. Press the seam closed flat first to set the stitches and then press the piece open carefully so that you do not distort the strips and end up with curved pieces.

Add sashing and cornerstone pieces to complete blocks.
