

## Women's Voices -Block 2 Underground Railroad

Cut your 8 surrounding strips from the background fabric and set aside.

Then cut the appropriate number of template A squares from the background fabric and fabrics 1-4. Measure templates with your acrylic ruler for size. Sew into 4 patch pieces.

For the template B pieces you can cut out the template from your pattern and cut the triangles or to avoid sewing on the bias you can make half square triangles. Sew one background  $5 \frac{3}{8}$ " square with one  $5 \frac{3}{8}$ " fabric 1 square and draw a line down the center diagonally. Sew  $\frac{1}{4}$ " on each side of the line, then cut in half on the line. Press open the pieces and you will have your triangles sewn into a square. Make two sets of background with fabric 1 and two sets of background with fabric 2.

Sew 4 patches and half square triangles in rows to complete the blocks. Then add sashing and cornerstones.
