

Be Colourful classes in Panama City Florida:

October 16th-21th

by Jacqueline De Jonge

What else do we need.....

Thread: a good all cotton thread to coordinate with your fabrics Aurifil or Mettler are great, [personally I like to work with a white thread.](#)

Cutting Mat: A 12" x 18" mat next to your machine works well.

Pressing: Finger pressing or a pressing tool works well, but for those of you who like to really press: irons will be provided in the classroom.

Clover ultra-fine pins: A lot.

Add-a-quarter ruler

A Paper-Creasing Tool: a piece of card-stock or template plastic approximately 2" x 6" works well

Rulers: Some of you may enjoy using an Add-a-Quarter ruler. I like a small 6" x 2 ½" ruler. It is an all-purpose ruler for small paper-piecing projects. If you have strips to cut from the full width of your fabrics, a 6 ½" x 24 ½" ruler will come in handy.

Rotary Cutter: 28 mm is great.... for those tighter curves. A new blade is a necessity!

Scissors: Small, sharp fabric scissors for just in case. **Scissors:** Large with a sharp blade.

Ziplock bags: to store your pieces or fabrics

Freezer paper and glue stick or glue pen

Cellophane tape, I prefer Scotch tape

Several bobbins: 3 or 4 Pre-wound bobbins the same as your top thread will save you time in class.

Sewing machine, power cord, foot pedal with a new needle. Don't forget to clean and oil your machine prior to coming to class. I'm not an expert;-) on the mechanics of your machine. Bringing your manual it may help if a problem occurs with your machine while you are in class.

Machine needles: Always good to have extras on hand! I love to work with an 70-80 needle.

An original Be Colourful pattern you are working on in class.

Seam Ripper: We know no one makes a mistake, but just in case; a ripper can come in handy.

Pencil and / or Pen: And paper, to take notes, if necessary.

White marker to mark the darker pieces of fabric.

I am so looking forward to meeting you all in class.... And please don't be afraid..... I will show you the most easy way of paper piecing you have ever done and you will see that something that looks so complicated..... can really be fun and nice!

Kind regards,

Jacqueline de Jonge
